

SAFETY DATA SHEET

according to Regulation (EC) No 1907/2006 (REACH)

No Grease

Date of issue: 20.1.2026 Version: 1

English translation for information. The legally binding version is the Slovenian SDS issued by the supplier.

Section 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name: No Grease

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Cleaner.

Uses advised against: No uses advised against have been identified

1.3 Details of the supplier of the safety data sheet

Supplier:

Aliaksandra Liutko s.p.

Kalanova 7

1215 Medvode

Telephone: 064 121 449

e-mail: info@nostressclean.com

1.4 Emergency telephone number

In the event of an accident, call the notification centre: 112

Section 2: Hazards identification

2.1 Classification of the substance or mixture

according to Regulation (EC) No 1272/2008

The mixture is not classified as hazardous.

2.2 Label elements

according to Regulation (EC) No 1272/2008

The mixture is not classified as hazardous.

2.3 Other hazards

The substance is not classified as PBT or vPvB.

Section 3: Composition/information on ingredients

3.1 Substances

See 3.2

3.2 Mixtures

The product does not contain any hazardous ingredients or ingredients that would have to be declared in the safety data sheet.

Section 4: First aid measures

4.1 Description of first aid measures

General notes: In case of doubt, or if redness or a rash occurs, consult a physician.

After inhalation: Move the casualty to fresh air - leave the contaminated area. If symptoms occur that do not subside, seek medical attention.

After skin contact: If symptoms occur that do not subside, seek medical attention.

After eye contact: Immediately rinse the open eyes, also under the eyelids, with plenty of running water. If symptoms do not subside, seek medical attention.

After ingestion: Rinse the mouth thoroughly with water. If symptoms occur, seek medical attention.

4.2 Most important symptoms and effects, both acute and delayed

May cause irritation and redness in hypersensitive persons.

4.3 Indication of any immediate medical attention and special treatment needed

Treatment is symptomatic.

Section 5: Firefighting measures

5.1 Extinguishing media

Water, carbon dioxide, extinguishing powder, foam

5.2 Special hazards arising from the substance or mixture

Do not inhale vapours/smoke generated in a fire.

5.3 Advice for firefighters

Protective equipment

Full protective suit (SIST EN 469:2014), helmet (SIST EN 443:2008), protective boots (SIST EN 15090:2012), gloves (SIST EN 659:2003 +A1:2008/AC:2009) and self-contained breathing apparatus (SIST EN 137:2006).

Protective measures

Cool endangered packaging with a water spray. Collect contaminated firefighting water separately. Fire residues and contaminated firefighting water must be disposed of safely in accordance with local regulations.

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Avoid inhalation of mists.

6.2 Environmental precautions

Prevent discharge into waters/drains/sewers and groundwater by means of suitable containment. In the event of a major release into the environment, notify the Administration of the Republic of Slovenia for Civil Protection and Disaster Relief (112).

6.3 Methods and material for containment and cleaning up

Absorb the product with inert material (absorbent, sand), collect it in special containers and hand it over to an authorised waste collector.

6.4 Reference to other sections

See also Sections 8 and 13.

Section 7: Handling and storage

7.1 Precautions for safe handling

7.1.1 Protective measures

Avoid inhalation of mists

7.1.2 Measures to prevent fire

No special measures are required.

7.1.3 Measures to protect the environment

No special measures are required.

7.2 Conditions for safe storage, including any incompatibilities

Store in a cool, well-ventilated place. Keep away from food, drink and animal feedingstuffs. Keep in tightly closed containers.

Storage class: 12

7.3 Specific end use(s)

No special measures are required.

Section 8: Exposure controls/personal protection

8.1 Control parameters

8.1.1 Occupational exposure limit values

No limit values have been set.

8.1.2 Information on monitoring procedures

SIST EN 14042:2003 Title identifier: Workplace atmospheres. Guide for the application and use of procedures for the assessment of exposure to chemical and biological agents.

8.1.3 DNEL values

No data

8.1.4 PNEC values

No data

8.2 Exposure controls

8.2.1 Appropriate engineering controls

Avoid contact with eyes.

8.2.2 Personal protective equipment

Eye protection: Not required under normal use. If there is a risk of splashing into the eyes, use safety goggles with side protection (SIST EN 166:2002).

Hand protection: Not required under normal use.

Skin protection: Not required under normal use.

Respiratory protection: Not required under normal use.

Thermal protection: Not required under normal use.

8.2.3 Environmental exposure controls

Control release into the environment.

Section 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance: Colourless liquid

Odour: soapy

Odour threshold: n.p.

pH: n.p.

Melting point/freezing point: 0 °C

Boiling point: 100 °C

Flash point: not relevant

Evaporation rate: not relevant

Flammability: not relevant

Lower/upper explosion limit: not relevant

Vapour pressure: not relevant

Vapour density: not relevant

Density: n.p.

Solubility in water: in all proportions

Solubility in organic solvents: insoluble

Partition coefficient n-octanol/water: not relevant

Auto-ignition temperature: not relevant

Decomposition temperature: not relevant

Viscosity: not relevant

Explosive properties: not explosive

Oxidising properties: not oxidising

Translator's note: "n.p." is reproduced as in the source; the abbreviation is not defined in the source document (in Slovenian SDS it usually means "no data").

9.2 Other information

-

Section 10: Stability and reactivity

10.1 Reactivity

Stable under normal use and when the instructions for working/handling/storage are observed (see Section 7).

10.2 Chemical stability

Stable under normal use and when the instructions for working/handling/storage are observed (see Section 7).

10.3 Possibility of hazardous reactions

No hazardous reactions are known.

10.4 Conditions to avoid

Nothing specific.

10.5 Incompatible materials

Nothing specific.

10.6 Hazardous decomposition products

Not specified.

Section 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity

Not acutely toxic.

Skin corrosion/irritation

Not irritating to skin.

Serious eye damage/irritation

Not irritating to eyes.

Respiratory or skin sensitisation

Does not cause sensitisation.

Germ cell mutagenicity

Not mutagenic.

Carcinogenicity

Not carcinogenic.

Reproductive toxicity

Not toxic for reproduction.

STOT - single exposure

Not toxic after single exposure.

STOT - repeated exposure

Not toxic after repeated exposure.

Endocrine disrupting properties

Has no endocrine disrupting properties.

Aspiration hazard

n.p.

Section 12: Ecological information

12.1 Toxicity

No toxic effects on aquatic organisms.

12.2 Persistence and degradability

Not relevant.

12.3 Bioaccumulative potential

Does not bioaccumulate.

12.4 Mobility in soil

Not relevant.

12.5 Results of PBT and vPvB assessment

Not relevant.

12.6 Endocrine disrupting properties

Has no endocrine disrupting properties.

12.7 Other adverse effects

-

Section 13: Disposal considerations

13.1 Waste treatment methods

Hand over residues of the mixture to an authorised collector of hazardous waste.

Section 14: Transport information

Not dangerous goods.

Section 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture
EU regulations

- Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a

European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (amendment: Commission Regulation (EU) No 878/2020) - as amended and supplemented

- Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 - as amended and supplemented

Slovenian regulations

Chemicals Act /ZKem/

- Decree on waste (Official Gazette of the RS, No 37/15 and 69/15)
- Decree on the management of packaging and packaging waste (Official Gazette of the RS, No 84/06, 106/06, 110/07, 67/11, 68/11 – corr., 18/14, 57/15, 103/15 and 2/16 – corr.)
- Decision on the publication of Annexes A and B to the European Agreement concerning the International Carriage of Dangerous Goods by Road /ADR/
- Rules on the protection of workers from risks related to exposure to chemical agents at work (Official Gazette of the RS, No 100/01, 39/05, 53/07, 102/10, 43/11 – ZVZD-1 and 38/15)
- Rules on personal protective equipment (Official Gazette of the RS, No 29/05, 23/06, 17/11 – ZTZPUS-1 and 76/11)
- List of harmonised standards for personal protective equipment (C 412 / 11.12.2015, as amended and supplemented)
- Occupational Safety and Health Act (Official Gazette of the RS, No 43/2011)

15.2 Chemical safety assessment

A chemical safety assessment has not been carried out.

Section 16: Other information

Revision of the safety data sheet:

-

List of relevant H statements

-

Abbreviations:

ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road

RID: Regulations Concerning the International Transport of Dangerous Goods by Rail

IMDG: International Maritime Code for Dangerous Goods

ICAO: International Civil Aviation Organization

IATA: International Air Transport Association

Method used for classification of the substance/mixture in accordance with Regulation 1272/2008 [CLP]: -

Disclaimer

The information given is based on the present state of our knowledge and experience and relates to the product in the condition in which it is supplied. The purpose of the information is to describe our product with regard to safety requirements. The statements do not constitute any guarantee of product properties in the legal sense. It is the recipient's own responsibility to know and observe the legal provisions concerning the transport and use of the product.
